Treasurer

RALPH SORRELL, R.Ph.

BRENDA DENSON, PharmD.

2018 Renewal Notice

This notice is being sent out to all Alabama State Board of Pharmacy permit holders that have an active permit that will expire on 12/31/2017. These include all types of manufacturer, wholesale distributor, precursor, repackager, third-party logistics providers, and private label distributor permits.

The Alabama State Board of Pharmacy recently passed legislation that clarifies our definitions for businesses in keeping with the DSCSA implementation. These definitions are available on our website www.albop.com. Please read all the definitions carefully before choosing the one that matches your business model. Our license types are operational specific, it is possible that your facility may require more than one permit.

All of these renewals will be completed by submitting a paper application. Once you have selected the applicable type(s) you will be able to print the application. The applications have a checklist, directions, and required forms. Each application includes a payment form that allows you to pay renewal fees by check or credit card. Applications need to be completed and submitted with required documents in a timely manner. Please keep in mind all applications/documents must be reviewed and entered before the new permit is issued. Shipping into Alabama without an Active permit could result in disciplinary action by the Board.

To verify the status of your facility's permit go to our website www.albop.com. You will need to click on "Online Services", then "Business Verification". You will then enter the permit number. If you have a question or concern about your permit status, please email kpickett@albop.com.

Sincerely,

Susan P. Alverson, R.Ph
