

"With the Governor's signing of SB225 on June 10, 2019 pharmacies can now sell CBD products which contain no more than 0.3 percent THC on a dry weight basis.

That said, it is the responsibility of the pharmacy to ensure by trustworthy and scientifically reliable testing that the products sold meet the above criteria. Below is the link to the FDA Regulation Of Cannabis and Cannabis-Derived Products: Questions and Answers", we recommend you review this information, especially Q&A 5 & 6."
