Policy 20-001

Section 34-23-72 - Internship Training Sites

Every site approved by the State Board of Pharmacy for intern training shall be managed so that the intern is provided with ample opportunity to meet the training requirements established by the board. The site must have in its employ, or have an arrangement with, a pharmacist who is registered preceptor. A site which meets these qualifications may be approved for internship training by the board.

It is the Board's opinion that any site possessing a pharmacy permit issued by the State Board of Pharmacy in good standing would be approved as an internship training site.

Any location not permitted with the State Board of Pharmacy wishing to be an internship training site must complete the Pharmacy Internship Training Agreement to request approval by the State Board of Pharmacy.

Policy adopted by the Board of Pharmacy during the Business Meeting 9/16/2020. This final draft was approved by all Board members.
